To: John Karousos, Assistant Chief  
Audio Division of the  
Media Bureau

Please accept these comments as restated below from  
Proponents original petition.

Petitioner respectfully submits that the public interest would be served by allocating Channel 238A to Carbon, Texas as that community's first local FM service. Carbon, Texas is an incorporated city with a population of 224 people.<sup>1</sup> Carbon has its own mayor, Dale Walker, its own post office, volunteer fire department, city offices and several local churches. Carbon is a community that is certainly deserving of local FM service. The proposed channel 238A will provide additional diversity and an outlet for local self-expression to Carbon residents and

<sup>1</sup> Source, Texas Almanac 2002/2003

therefore is in the public interest.

Should this petition be granted and Channel 238A allotted to Carbon, Texas, Petitioner will apply for Channel 238A at Carbon and after it is authorized, will promptly construct the new facility.

The factual information provided in these Comments is correct and true to the best of my knowledge.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Charles Crawford', written over a horizontal line.
